

## TAKES HOME HOBBO; HOBBO TAKES HOME

But Fortunately Henry Syson  
Awakened and Saved it From  
Being Carried Away.

ELKHART, Nov. 20.—Henry Syson, who has a room at the home of Byron Jarvis, 608 S. Second st., took home with him Thursday night one George Clark, who he had met in jail some time ago. "I give him a nice place to sleep out of the wet and cold." They went to bed together.

About midnight Syson discovered Clark in the bath room. After the police were called the following articles were found on Clark: Six pocket-books, two keys, six knives, two pairs of spectacles, three pairs of shoes, one razor, one fountain pen, four old coins and \$2.10. When the officers took off the prisoner's outer clothing they found two brand new suits of ladies underclothes. Clark refused to say where he got the clothing.

Friday Clark was assessed \$20 and given six months at the state penal farm.

Final naturalization papers were on Friday granted to Wilhelm Reiner and Samuel E. Throop. The application of Louis Leonetti, a police officer, was denied because of lack of sufficient residence, and the application of John J. Smithers was continued because of lack of sufficient evidence of the required residence.

Lucinda I. Thomas, 83 years old, died at the home of a daughter, Mrs. L. C. Wells of 327 E. Beardsley av., Friday morning.

A private funeral service, conducted by Rev. A. U. Ogilvie of the Congregational church and Rev. C. M. Herrick of the Presbyterian church, was held at the home Friday afternoon. The body, accompanied by Mr. and Mrs. Wells and Mrs. Edward L. Nettleton of New Haven, Conn., also a daughter, is being taken to Rushville, Ill., the old home of Mrs. Thomas, for burial. A short service will be held at that place.

Application was today filed in the circuit court for a receiver for the Anguille Computing Scale Co., or Indiana Computing Scale Co., the latter name is one which the Anguille company has undertaken to assume in a reorganization under the laws of New Jersey.

The petitioner is the Ft. Wayne Electric Works of the General Electric Co. of Ft. Wayne, the amount alleged to be due the petitioner being \$2,604.28. A suit had previously been filed in the circuit court to collect the amount. The attorneys for the petitioner are Ira H. Church, W. H. Chester and Proctor & Cawley.

Evlyn, one-day-old daughter of Mr. and Mrs. Fletcher, eight miles southwest of Elkhart, was found dead in the bed Friday morning. Coroner Mast pronounced the death was due to natural causes.

The funeral of Mrs. Mary Eby, 95, who died at the home of her grandson, J. W. Eby, of Oakland av., will be held Saturday morning at the house at 9:30 o'clock, and then at the Elkhart church. Mrs. Eby, who was born in Pennsylvania, married Jacob Eby in 1840 and they came to Indiana over fifty years ago. Three of her eight children survive her.

The public and re-appointed district captains of the Elkhart Associated Charities who served last year are invited to hear an address by Lela M. Scott, secretary of the South Bend Associated Charities, at the Elkhart Congregational church at 3 o'clock Sunday.

### SEEK BANKING POINTERS

Japanese Business Men Start on Tour of U. S.

WASHINGTON, Nov. 20.—Baron Euchi Shibusawa of Tokio, a noted banker and a secretary of seven prominent Japanese business men, Friday started from Seattle, Wash., on a tour of principal cities of the country to study banking facilities and to promote trade relations between the United States and Japan.

In this connection instructions were sent out to government officials in the cities to be visited by the party to extend them every possible courtesy. The itinerary of the party includes Chicago, Nov. 22; Pittsburgh, Nov. 25; Houston, Dec. 3; Los Angeles, Dec. 12, and San Francisco, Dec. 14.

## BATTLES BEGUN FOR SUPREMACY IN MEXICO

Gen. Villa Attacks Hermosillo While Gen. Obregon Begins Assault at Cananea.

DOUGLAS, Ariz., Nov. 20.—The battle for the supremacy of Mexico was begun Friday night in two places. While Gen. Villa's forces are attacking Hermosillo, capital of state of Sonora, Gen. Alvaro Obregon with 5,000 men, began his assault upon the Villa positions at Cananea Friday night.

Carranza officials here said Friday night that Villa had instructed Gen. Rodriguez, who is defending Cananea, not to retreat under any circumstances. The plan apparently is to keep Obregon busy at Cananea while the northern chieftain hurls the bulk of his army against the Carranzistas at Hermosillo commanded by Gen. Manuel Diquez.

One hundred and fifty wounded of Carranzistas were brought into Agua Prieta Friday night from San Pedro. These men were part of an advance guard which clashed with Villa's troops yesterday at that place.

Gen. Obregon himself left San Pedro Friday morning and has his headquarters 50 miles south of that town.

Gen. Villa is at his main camp, 20 miles east of Magdalena from which place he is directing operations, according to telegrams received here Friday night.

The war department Friday night ordered the 2nd and 7th infantry regiments to return to their headquarters at Fort Bliss, Texas.

## Allies Fail To Buy; Egg Kings Wait

NEW YORK, Nov. 20.—Egg "kings" of the United States who planned to reap huge profits by selling shiploads of eggs to the allies are wiggling the public for help.

The allies failed to make the heavy purchases of eggs expected, and the speculators are caught with a surplus of eggs and prospects of a mild winter. In 24 big cold storage warehouses are more than one billion eggs, or more than 10 pieces for every man, woman and child in the country.

The "egg kings" are waiting for a market on the same day last year. A few weeks of mild weather may force millions of dozens of cold storage eggs in the market and send retail prices down with a crash. It is possible, wholesale men said, that cold storage eggs may be selling at retail at less than 20 cents a dozen. The price here now ranges from 23 to 35 cents.

Strictly fresh eggs were selling at about 60 cents retail in New York today with the blue blooded "white fancies" quoted at 72 cents a dozen. But several commission men said they believe the price for fresh eggs will go little if any higher and that the first sharp break in the storage egg market will bring fresh egg prices tumbling.

### AGAIN SHORT ON DYES

Manufacturers Want More Allowed Through From Germany.

WASHINGTON, Nov. 20.—The serious situation confronting the textile manufacturers in this country because of a shortage in dye stuffs, which was temporarily relieved recently when Great Britain allowed two cargoes to come through from Germany, is again acute.

Dr. E. B. Pratt, chief of the bureau of foreign and domestic commerce, announced Friday that he has been flooded with requests from manufacturers throughout the country to pressure the government to make prices for British allow more cargoes to come through.

In connection with the dye stuff shortage, Sec'y of Commerce Redfield received a strange offer. A self-styled "fellow Brooklynite," Frank C. Martin, former associate of the late Alvin Karpis, is offering to supply the country with a process for making dyes from the sap of the banana tree. Sec'y Redfield referred the matter to his dye expert, Dr. J. K. Norton, who is investigating the plan.

### TO FORM WORLD COURT

All International Differences to be Settled According to Plans.

NEW YORK, Nov. 20.—Initial steps were taken Friday for the establishment of a world court for the settlement of all international differences. The meeting was held in the Bankers' club. Many leading advocates of peace and disarmament from all parts of the United States were present.

It was stated that the proposed league will not take any part in bringing peace in the present war, nor will the league in any way interfere with the preparedness and armament plans of the United States.

Dr. John Wesley Hill, president of the Asiatic branch of the International Peace Forum; Oscar S. Straus, United States representative to The Hague conference, and Judge D. D. Woodmansee of Cincinnati were the principal speakers.

### CONVERS WITH KITCHENER.

PARIS, Nov. 20.—A dispatch from Salonika says that Lord Kitchener conferred with Gen. Sarraill, commander in chief of the French army of the Orient Thursday, but left immediately without debarking.

### DISCOVER TYPHUS SERUM.

BERNE, Nov. 20.—The Royal Hungarian experimental station reports the discovery of a serum for the cure of typhus. In 200 cases in which the serum was used the cures averaged 96 per cent.

### COUGHS THAT ARE STOPPED!

Careful people see that they are stopped. Dr. King's New Discovery is a remedy of tried merit. It has held its own on the market for 46 years. Youth and old age testify to its soothing and healing qualities. Pneumonia and lung troubles are often caused by delay of treatment. Dr. King's New Discovery stops those hacking coughs and relieves a gripe tendency. Money back if it fails. 50c and \$1.00. Adv.

## Late News from the Surrounding Towns

### BERRIEN SPRINGS, MICH.

Will Sibley of the Sibley Hardware Co. of South Bend spent Friday afternoon with E. J. Hartman of this place.

Mrs. Perry Hartman, who has been ill with tonsillitis has fully recovered.

### WHAT BRADSTREET'S HAS TO SAY TODAY

NEW YORK, Nov. 20.—Bradstreet's review of trade for the week Saturday.

"Further progress in trade accompanies greater industrial activity. Higher prices, better collections, increased demand for money, record bank deposits, sharp reduction in unemployment, heavier pay rolls, a big movement of grain and lower temperatures over a wide area, which latter has given snap to the retail trade in seasonal wearing apparel."

"Rain had helped winter wheat and cold weather far south has put a period of cotton growth. Final purveyors, short of goods as they are, and feeling certain of sustained growth in business, are buying freely from wholesale houses as well as from jobbers. While ordering for future delivery is not neglected, the necessity of getting goods for near future use is very marked, and in some sections of the country heavy weight fabrics are positively scarce."

"Retail trading is proceeding on a satisfactory basis."

"Unemployment has dwindled to insignificant proportions and numerous cities actually report a paucity of help, which is likely to become more marked as the season advances, a development that is all the more remarkable because at this season outdoor work usually slackened."

"Activity in industrial pursuits grows. Capacity operations prevail in such lines as iron and steel, machine tools, metal mining, clothing, furniture, flour, munitions of war, woollens and shoes, the latter on rush orders, while the lumber industry continues to make progress, with some southern mills booked in excess of capacity."

"Gold up is the condition of various industries and in finished steel it is now recognized that merely advancing prices to forestall buying has failed of its purpose."

"Outputs of record proportions are not sufficient to cover demands and under the circumstances, making deliveries is more important than getting new orders. In some lines production would be greater, but for the scarcity of labor, which must be added the whims of the men who know that jobs are plentiful are not averse to strikes or to taking days off. Practically every section joins in making favorable reports and everywhere sentiment as to winter and spring are optimistic."

"WE'RE SERVING HUMANITY SAY SISTERS OF ST. MARY

"When We Tell Others of the Value of Father John's

Medicine as a Tonic and Body

Builder and for Colds

The Sisters of St. Mary, of Masson, Que., Canada, in a recent letter, say: "We will willingly permit you to make use of our testimonial in favor of Father John's Medicine. We consider that by doing so we are rendering a great service to humanity at large, and especially to people of limited means, who are desirous of having a quick, sure and comparatively inexpensive restorer of health. They have all this in Father John's Medicine. For several years and with best results we have been using your medicine in our community. We have already recommended it to several young ladies, teachers, who say that from the very first bottle they used they have felt its beneficial effects, and as soon as they

begin to feel tired at the irksome toil of the classroom, a bottle of Father John's Medicine gives them new vigor. In case of severe colds we find Father John's Medicine is a safe and prompt remedy."

Hoping that these few details of our own experience in the use of the medicine may be useful to you, we remain, Yours very respectfully, (Signed) Sisters of St. Mary."

Because it contains no alcohol or dangerous drugs Father John's Medicine is a safe medicine for children as well as older people. It is a doctor's prescription, more than fifty years in use. It heals throat and lungs, and by means of its pure food elements nourishes and builds up those who are weak and run down.

Begin to feel tired at the irksome toil of the classroom, a bottle of Father John's Medicine gives them new vigor. In case of severe colds we find Father John's Medicine is a safe and prompt remedy."
